Qualitative assessment

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place?

Yes

No

Operational objective 1: Advocacy, awareness raising and education

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

Grenada is currently developing a comprehensive communication strategy for DLDD during the NAP Alignment and reporting project. It will integrate synergies with climate change and biodiversity. Implementation of the strategy will follow immediately after its development in 2014.

Operational objective 1: Advocacy, awareness raising and education

Qualitative
assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects? Yes No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

The composition of the National Coordination Body responsible for steering the implementation has been revised to include a wider representation of CSO and STIs. The intention is to also involve these Organizations in the NAP Alignment Process and the development of the IIF/IFS.

Operational objective 1: Advocacy, awareness raising and education

CONS-O-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

Global target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy

National contribution to the global target: number of DLDD-related initiatives implemented by CSOs and STIs in the field of education

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs? Yes No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Education and training materials on DLDD are being prepared for mainstreaming into the work programs of these organizations. Efforts are also being made to mainstream DLDD related issues of CSOs and STIs into the public sector plans.

CONS-0-5 Number of affected country Parties, subregional and regional entities to have finalized the formulation/ revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

Global target Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes No

Qualitative assessment

Is your NAP being implemented? Yes No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy? 2014-2015
 2016-2017
 2018-2019
 No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

The main constraints to the NAP alignment is the lack of Financial resources; the long period of time it takes in receiving financial support from Donor Agencies; and Inadequacy in human resource capacity.

CONS-O-7

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period? Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period? Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies

Identification of national sectors and policies that could benefit from synergies and cooperation

Review of national policies to enhance cooperation and synergies

Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders

Other (please describe below):

A multi-lateral Environmental Committee has been established to coordinate planning of the three conventions. A Team, including representatives of the three conventions met to plan a Ridge to Reef project which targets all three conventions. The project is soon to be implemented.

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions

A national coordinating committee for the implementation of the Rio conventions

National coordination on synergies in reporting under the Rio conventions

Other (please describe below):

Provide any complementary information as needed:

Discussions was held recently in a workshop on the formation of a National Coordinating Committee for the implementation of the three Rio Conventions.

Report from the First NAP Alignment workshop.

Sources of information

CONS-0-8 Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target	Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD	≥ 60 %	2018
----------------------	--	--------	------

National contribution to the global target

Is a monitoring system specifically dedicated to DLDD established in your country? Yes No

If yes, is the monitoring system regularly updated and functional? Yes No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target

When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015	<input type="checkbox"/>
2016-2017	<input type="checkbox"/>

CONS-0-10	Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity		
Global target	Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.	≥ 70 %	2018

CONS-0-13

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

Global target

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

National contribution to the global target

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes

No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes

No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

An annual program is in place to train Field Technicians from Land Related Agencies in the use and the application of tools for the detection and assessment of land Degradation. A program is also in place to strengthen the capacity of the National Coordinating Body in these areas.

Sources of information

Ministry of Agriculture, Lands, Forestry, Fisheries and the Environment

Qualitative assessment

Has your country assessed DLDD-related capacity-building needs?

Yes

No

Did you country receive technical and/or financial assistance to build capacities to combat DLDD?

Yes

No

From which institutions and which type of assistance was provided?

CONS-O-14

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

Sources of information

Ministry of Agriculture, Lands, Forestry, Fisheries and the Environment

Please answer the following questions only if your country has not developed an IIF by the end of the reporting period

Voluntary national target

When does your country plan to establish an IIF?

Predictability of bilateral assistance received	Predictable	<input checked="" type="checkbox"/>
	Fairly predictable	<input type="checkbox"/>
	Not predictable	<input type="checkbox"/>

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors? Yes No

If yes, from whom?

Gm
World Bank
FAO

CONS-O-18

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

Global target

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy

Any other country-specific issues

Does your country have any specific issue to bring to the attention of the Conference of the Parties? Yes No

If yes, please specify under which of the following broad categories it can be classified

- Policy, legislative and/or institutional framework
- Capacity-building and awareness-raising
- Desertification/land degradation and drought and sustainable land management monitoring and assessment/research
- Funding/resource mobilization
- Knowledge management and decision-making support
- Participation, collaboration and networking
- Reporting and review process
- Other

Please describe below:

There were issues with loss of data while filling out information in the template. The template needs to be reviewed to eliminate glitches. The convention has not provided sufficient financial resources for SLM on the ground interventions, such as land rehabilitation, and demonstration of best practices that can be adopted. There is a need to provide more resources for regional initiatives and greater support for initiatives on private lands locally, especially for the cultivation of economic crops as a means of sustaining livelihoods.
