

United Nations Convention to Combat Desertification  
Performance Review and Assessment of Implementation System  
Fifth reporting cycle, 2014-2015 leg

# Report from JORDAN as affected country Party

7/30/2014

# Contents

## I. Performance indicators

### A. Operational objective 1: Advocacy, awareness raising and education

Indicator CONS-0-1

Indicator CONS-0-3

Indicator CONS-0-4

### B. Operational objective 2: Policy framework

Indicator CONS-0-5

Indicator CONS-0-7

### C. Operational objective 3: Science, technology and knowledge

Indicator CONS-0-8

Indicator CONS-0-10

### D. Operational objective 4: Capacity-building

Indicator CONS-0-13

### E. Operational objective 5: Financing and technology transfer

Indicator CONS-0-14

Indicator CONS-0-16

Indicator CONS-0-18

## II. Financial flows

Unified Financial Annex

## III. Additional information

## IV. Submission

Operational objective 1: Advocacy, awareness raising and education

**CONS-O-1**

Number and size of information events organized on the subject of desertification, land degradation and drought (DLDD) and/or DLDD synergies with climate change and biodiversity, and audience reached by media addressing DLDD and DLDD synergies

**Global target**

Percentage of population informed about DLDD and/or DLDD synergies with climate change and biodiversity

30 %

2018

**National contribution to the global target**

Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity

10

2011

2013

2015

2017

2019

**Voluntary national target**

Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity

%

15

Year

2013

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**Information events**

| Year | Number of events | Total estimated participants |
|------|------------------|------------------------------|
| 2008 |                  |                              |
| 2009 |                  |                              |
| 2010 |                  |                              |
| 2011 |                  |                              |
| 2012 | 150              | 200000                       |
| 2013 | 180              | 250000                       |
| 2014 |                  |                              |
| 2015 |                  |                              |
| 2016 |                  |                              |
| 2017 |                  |                              |
| 2018 |                  |                              |

**Mass media articles and radio/television programmes about these events**

| Year | Number | Estimated people reached |
|------|--------|--------------------------|
| 2012 | 72     | 200000                   |
| 2013 | 60     | 160000                   |
| 2014 |        |                          |
| 2015 |        |                          |
| 2016 |        |                          |
| 2017 |        |                          |
| 2018 |        |                          |

- Royal Society for Conservation of Nature
- International Union for Conservation of Nature
- In line Ministries

**Qualitative assessment**

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place?

Yes

No

Operational objective 1: Advocacy, awareness raising and education

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

|  |
|--|
|  |
|--|

## Operational objective 1: Advocacy, awareness raising and education

## CONS-O-3

Number of civil society organizations (CSOs) and science and technology institutions (STIs) participating in the Convention processes

## Global target

A steady growth in the participation of CSOs and STIs in the Convention processes is recorded along the implementation period of The Strategy.

National contribution to global target: number of CSOs and STIs involved in DLDD-related programmes/projects

| Year | Number of civil society organizations | Number of science and technology institutions |
|------|---------------------------------------|-----------------------------------------------|
| 2008 |                                       |                                               |
| 2009 |                                       |                                               |
| 2010 |                                       |                                               |
| 2011 |                                       |                                               |
| 2012 | 16                                    | 11                                            |
| 2013 | 17                                    | 12                                            |
| 2014 |                                       |                                               |
| 2015 |                                       |                                               |
| 2016 |                                       |                                               |
| 2017 |                                       |                                               |
| 2018 |                                       |                                               |

Voluntary national target

Percent increase in the number of CSOs and STIs participating in the Convention process at national level, per biennium %

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

|  |
|--|
|  |
|--|

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects? Yes  No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

|                                                           |
|-----------------------------------------------------------|
| Organizing events related to DLDD involving CSOs and STIs |
|-----------------------------------------------------------|

Operational objective 1: Advocacy, awareness raising and education

CONS-O-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

Global target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy

National contribution to the global target: number of DLDD-related initiatives implemented by CSOs and STIs in the field of education

| Year | Number of CSOs initiatives | Number of STIs initiatives |
|------|----------------------------|----------------------------|
| 2008 |                            |                            |
| 2009 |                            |                            |
| 2010 |                            |                            |
| 2011 |                            |                            |
| 2012 | 15                         | 12                         |
| 2013 | 18                         | 15                         |
| 2014 |                            |                            |
| 2015 |                            |                            |
| 2016 |                            |                            |
| 2017 |                            |                            |
| 2018 |                            |                            |

|----------------------------------------------------------------------------------------------------------------|---|----|

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs? Yes  No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Introducing environmental issues related to DLDD in curriculum for the national school system

**CONS-0-5** Number of affected country Parties, subregional and regional entities to have finalized the formulation/ revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

**Global target** Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes  No

Qualitative assessment

Is your NAP being implemented? Yes  No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy? 2014-2015   
 2016-2017   
 2018-2019   
 No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

- Insufficient regional collaboration.
- Insufficient expertise in the field of DLDD.
- lack of appropriate training, planning and management units, as well as research units in the field of DLDD
- Lack of an Integrated approach in public planning in the field of DLDD.
- Insufficient Financial resources.
- Fragmented efforts and lack of a national database related to DLDD.

Sources of information

- Ministry of Environment
- Ministry of Agriculture
- National Research centers

**CONS-0-7**

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

**Global target**

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

**National contribution to the global target**

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

**Qualitative assessment**

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

- Evaluation of national plans and identification of gaps in synergies
- Identification of national sectors and policies that could benefit from synergies and cooperation
- Review of national policies to enhance cooperation and synergies
- Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders
- Other (please describe below):

**Qualitative assessment**

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

- Regular meetings between focal points and focal point teams of the Rio conventions
- A national coordinating committee for the implementation of the Rio conventions
- National coordination on synergies in reporting under the Rio conventions
- Other (please describe below):

Provide any complementary information as needed:

**Sources of information**

Ministry of Environmnet

**CONS-0-8** Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

**Global target** Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD **≥ 60 %** **2018**

**National contribution to the global target** Is a monitoring system specifically dedicated to DLDD established in your country? Yes  No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

**Voluntary national target** When does your country plan to establish and support a national monitoring system for DLDD? 2014-2015   
2016-2017   
2018-2019   
No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**Sources of information**

Ministry of Environment

**Qualitative assessment**

Does your country have a monitoring system partially covering DLDD? Yes  No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

Drought monitoring unit established at NCARE

**Knowledge-sharing systems**

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Name of the system:

Internet link:

Estimated number of users per year:

Operational objective 3: Science, technology and knowledge

**CONS-0-10**

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

**Global target**

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

**CONS-0-13**

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

**Global target**

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

**National contribution to the global target**

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes

No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes

No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

**Sources of information**

|                         |

Global Environment Facility

Bilateral agencies

Other multilateral organizations

**CONS-O-14**

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

**Global target**

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

IIFS was based on the NAP; The IIFS was reviewed late 2013

Sources of information

Ministry of Planning and International cooperation

Ministry of Environment

**CONS-O-16**

Degree of adequacy, timeliness and predictability of financial resources made available by developed country Parties to combat DLDD

Rating of the bilateral assistance received for the implementation of the Convention and its Strategy during the reporting period

|                                                 |                    |                                     |
|-------------------------------------------------|--------------------|-------------------------------------|
| Adequacy of bilateral assistance received       | Adequate           | <input type="checkbox"/>            |
|                                                 | Fairly adequate    | <input type="checkbox"/>            |
|                                                 | Not adequate       | <input checked="" type="checkbox"/> |
| <hr/>                                           |                    |                                     |
| Timeliness of bilateral assistance received     | Timely             | <input type="checkbox"/>            |
|                                                 | Fairly timely      | <input checked="" type="checkbox"/> |

| <hr/>                                           |                    |                                     |
| Predictability of bilateral assistance received | Predictable        | <input type="checkbox"/>            |
|                                                 | Fairly predictable | <input type="checkbox"/>            |
|                                                 | Not predictable    | <input checked="" type="checkbox"/> |

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

- Need for an action plan  
- Need for monitoring system for DLDD

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors?      Yes       No

**CONS-O-18**

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

**Global target**

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy

National contribution to the target: estimated amount of financial resources allocated to facilitate access to technology

| Year | Currency        | Amount |
|------|-----------------|--------|
| 2008 |                 |        |
| 2009 |                 |        |
| 2010 |                 |        |
| 2011 |                 |        |
| 2012 | USD - US Dollar | 400000 |
| 2013 | USD - US Dollar | 450000 |
| 2014 |                 |        |
| 2015 |                 |        |
| 2016 |                 |        |
| 2017 |                 |        |
| 2018 |                 |        |

Has your country established economic and policy incentives intended to facilitate access to technology? Yes  No

Sources of information

|                                  |
|----------------------------------|
| Ministry of Water and Irrigation |
| Ministry of Agriculture          |
|                                  |

Voluntary national target

Percentage increase of financial resources allocated to facilitate access to technology by a given year %      Year  
10      2013

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

|  |
|--|
|  |
|--|

Qualitative assessment

Provide any complementary information as needed (e.g., a short overview of specific aspects and the nature of technology transfer in your country, aspects in which there is a need to increase the level of technology transfer, etc.)

## Relevant Activity Code (RAC)

Indicate all the RACs that may apply to the funded activity

Knowledge Management

Research Information campaigns Advocacy/Mainstreaming Natural capital accounting Land degradation monitoring Reporting 

Enabling Activities

Capacity building Governance and institutions Policies, strategies and regulations Economic valuation of land use/change options Incentives and market-based mechanisms Resource mobilization Development assistance 

Land Degradation Prevention

Adaptation to climate change Natural resource conservation Enhancing ecosystem resilience Sustainable land and natural resource management Sustainable production Sustainable consumption 

Restoration and recovery

Afforestation/reforestation for carbon sequestration Ecosystem rehabilitation Infrastructure reconstruction/rehabilitation Land restoration/reclamation Emergency response Relocation/rescue/relief operations 

## Strategic and operational objectives targeted

Indicate which strategic and/or operational objective of the Strategy is addressed by the funded activity

Strategic objective 1: living conditions of affected populations Strategic objective 2: condition of affected ecosystems Strategic objective 3: global benefits Strategic objective 4: resource mobilization and partnership building Operational objective 1: advocacy, awareness raising and education Operational objective 2: policy framework Operational objective 3: Science, technology and knowledge Operational objective 4: capacity-building Operational objective 5: financing and technology transfer

|                              |                                                             | Emergency response <input type="checkbox"/>                                          |
|                              |                                                             | Relocation/rescue/relief operations <input type="checkbox"/>                         |

| Strategic and operational objectives targeted | Indicate which strategic and/or operational objective of the Strategy is addressed by the funded activity |                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------|-------------------------------------|
|                                               | Strategic objective 1: living conditions of affected populations                                          | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 2: condition of affected ecosystems                                                   | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 3: global benefits                                                                    | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 4: resource mobilization and partnership building                                     | <input checked="" type="checkbox"/> |
|                                               | Operational objective 1: advocacy, awareness raising and education                                        | <input checked="" type="checkbox"/> |
|                                               | Operational objective 2: policy framework                                                                 | <input checked="" type="checkbox"/> |
|                                               | Operational objective 3: Science, technology and knowledge                                                | <input checked="" type="checkbox"/> |
|                                               | Operational objective 4: capacity-building                                                                | <input checked="" type="checkbox"/> |
|                                               | Operational objective 5: financing and technology transfer                                                | <input checked="" type="checkbox"/> |

Add new 'Unified financial annex' full section

Identification

Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

UNJP

Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

Adaptation to Climate Change to Sustain Jordan's MDG Achievements

Basic data

Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

| Category | Location |
|----------|----------|
| Country  | Jordan   |

Status

Indicate the status of the activity at the time of completing this form

- Committed
- Proposal
- On-going
- Completed

Co-financing

| Source            | Currency        | Amount  |
|-------------------|-----------------|---------|
| MDG -Spanish Fund | USD - US Dollar | 4126667 |

Type of funding

Indicate the instruments used to finance the activity

- Grant
- Loan (commercial)
- Loan (concessional)
- Budget authority
- Debt swap/relief
- Basket funding
- Sectoral support
- Sovereign wealth fund
- Payments for Environmental Services (PES)
- Results based financing
- Equity
- Venture capital
- Remittances
- Derivatives
- Blended value products
- Impact investments
- Microcredit
- Bonds
- Insurance
- Mortgages/guarantees
- Advance market commitments
- Other (please describe below):

Classification

Rio Markers

Assign the appropriate Rio Marker for desertification to the funded activity  
(tick only one of the boxes below)

|                              |                                                             | Relocation/rescue/relief operations <input type="checkbox"/>                             |

| Strategic and operational objectives targeted | Indicate which strategic and/or operational objective of the Strategy is addressed by the funded activity |                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------|-------------------------------------|
|                                               | Strategic objective 1: living conditions of affected populations                                          | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 2: condition of affected ecosystems                                                   | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 3: global benefits                                                                    | <input checked="" type="checkbox"/> |
|                                               | Strategic objective 4: resource mobilization and partnership building                                     | <input checked="" type="checkbox"/> |
|                                               | Operational objective 1: advocacy, awareness raising and education                                        | <input checked="" type="checkbox"/> |
|                                               | Operational objective 2: policy framework                                                                 | <input checked="" type="checkbox"/> |
|                                               | Operational objective 3: Science, technology and knowledge                                                | <input checked="" type="checkbox"/> |
|                                               | Operational objective 4: capacity-building                                                                | <input checked="" type="checkbox"/> |
|                                               | Operational objective 5: financing and technology transfer                                                | <input checked="" type="checkbox"/> |

Add new 'Unified financial annex' full section

Identification

Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

|     |
|-----|
| --- |
|-----|

Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

|                                                              |
|--------------------------------------------------------------|
| Securing Rights and Restoring Lands for Improved Livelihoods |
|--------------------------------------------------------------|

Basic data

Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

| Category | Location |
|----------|----------|
| Country  | Jordan   |

Status

Indicate the status of the activity at the time of completing this form

- Committed
- Proposal
- On-going
- Completed

Co-financing

| Source         | Currency   | Amount |
|----------------|------------|--------|
| European Union | EUR - Euro | 433762 |

Type of funding

Indicate the instruments used to finance the activity

- Grant
- Loan (commercial)
- Loan (concessional)
- Budget authority
- Debt swap/relief
- Basket funding
- Sectoral support
- Sovereign wealth fund
- Payments for Environmental Services (PES)
- Results based financing
- Equity
- Venture capital
- Remittances
- Derivatives
- Blended value products
- Impact investments
- Microcredit
- Bonds
- Insurance
- Mortgages/guarantees
- Advance market commitments
- Other (please describe below):

Classification

Rio Markers

Assign the appropriate Rio Marker for desertification to the funded activity  
(tick only one of the boxes below)

- |        |                            |                            |                                       |                            |
|--------|----------------------------|----------------------------|---------------------------------------|----------------------------|
| UNCCD  |                            | 1 <input type="checkbox"/> | 2 <input checked="" type="checkbox"/> | 3 <input type="checkbox"/> |
| UNFCCC | 0 <input type="checkbox"/> | 1 <input type="checkbox"/> | 2 <input type="checkbox"/>            |                            |
| CBD    | 0 <input type="checkbox"/> | 1 <input type="checkbox"/> | 2 <input type="checkbox"/>            |                            |

| Relevant Activity Code (RAC) | Indicate all the RACs that may apply to the funded activity |                                                      |                                     |

## Identification

## Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

GEF ID #1214

## Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

INTEGRATED ECOSYSTEM MANAGEMENT IN THE JORDAN RIFT VALLEY

## Basic data

## Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

| Category | Location |
|----------|----------|
| Country  | Jordan   |

## Status

Indicate the status of the activity at the time of completing this form

Committed Proposal On-going Completed 

## Co-financing

| Source                 | Currency        | Amount  |
|------------------------|-----------------|---------|
| World Bank-GEF project | USD - US Dollar | 6150000 |

Type of funding

Indicate the instruments used to finance the activity

- Grant
- Loan (commercial)
- Loan (concessional)
- Budget authority
- Debt swap/relief
- Basket funding
- Sectoral support
- Sovereign wealth fund
- Payments for Environmental Services (PES)
- Results based financing
- Equity
- Venture capital
- Remittances
- Derivatives
- Blended value products
- Impact investments

Reporting process-related issues

Financial resources

Could your country count on sufficient financial resources to meet UNCCD reporting obligations? Yes  No

Provide an estimate of the amount invested from your country's national budget into the current UNCCD reporting process

| Year | Currency        | Amount |
|------|-----------------|--------|
| 2008 |                 |        |
| 2009 |                 |        |
| 2010 |                 |        |
| 2011 |                 |        |
| 2012 | USD - US Dollar | 120000 |
| 2013 | USD - US Dollar | 130000 |
| 2014 |                 |        |
| 2015 |                 |        |
| 2016 |                 |        |
| 2017 |                 |        |
| 2018 |                 |        |

Human resources

Provide an estimate of the people involved in your country in the UNCCD reporting process, and of the total number of months dedicated by these persons to the reporting process

| Year | Number of people | Number of months |
|------|------------------|------------------|
| 2008 |                  |                  |
| 2009 |                  |                  |
| 2010 |                  |                  |
| 2011 |                  |                  |
| 2012 | 20               | 10               |
| 2013 | 20               | 10               |
| 2014 |                  |                  |
| 2015 |                  |                  |
| 2016 |                  |                  |
| 2017 |                  |                  |
| 2018 |                  |                  |

Knowledge

Could your country count on sufficient technical and scientific knowledge to meet UNCCD reporting obligations? Yes  No

If no, describe the main reasons and the difficulties encountered

There is a need for technical and scientific knowledge Capacity building for relevant staff,

Coordination

Was coordination at the national level with the relevant line ministries satisfactory in order to report comprehensively and coherently? Yes  No

Participation and consultation

Was a participatory or consultative approach applied to involve all relevant stakeholders in the reporting process? Yes  No

Validation

Was a validation meeting held as a part of the reporting process? Yes  No

Subregional and regional processes

Did your country cooperate with the entities entrusted with preparing the subregional and regional action programme reports? Yes  No

Accommodation of specific requests within decisions taken by the Conference of the Parties

Reporting on specific COP requests: iterative process on indicators

Tick the boxes only if you have experienced difficulties in reporting on one or more performance indicator(s). When doing so, place the tick mark under the e-SMART criterion for which the difficulty occurred.

Any other country-specific issues

Does your country have any specific issue to bring to the attention of the Conference of the Parties? Yes  No

If yes, please specify under which of the following broad categories it can be classified

- Policy, legislative and/or institutional framework
- Capacity-building and awareness-raising
- Desertification/land degradation and drought and sustainable land management monitoring and assessment/research
- Funding/resource mobilization
- Knowledge management and decision-making support
- Participation, collaboration and networking
- Reporting and review process
- Other

Please describe below:

There is a need for more research and studies in DLDD and Sustainable land management monitoring and assessment

One missing noticed in the PRAIS about the gender reporting. UNCCD considered the first convention integrated gender mainstreaming and focusing on women and Youth, while the report didn't includes any section to report on it.
