Qualitative assessment

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place?

Yes

No

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

Operational objective 1: Advocacy, awareness raising and education

CONS-O-3

Number of civil society organizations (CSOs) and science and technology institutions (STIs) participating in the Convention processes

Global target

A steady growth in the participation of CSOs and STIs in the Convention processes is recorded along the implementation period of The Strategy.

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects?

Yes No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

Involvement of CSOs in the drought relief programmes, promoting conservation agriculture in rain-fed agricultural areas of northern Namibia. Promotion of community-based rangeland management practices. establishment of conservancies and community forests areas.

Operational objective 1: Advocacy, awareness raising and education

CONS-0-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

CONS-0-5	Number of affected country Parties, subregional and regional entities to have finalized the formulation/ revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks		
Global target	Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy	≥ 80 %	2018
National contribution to the global target	Does your country have a NAP aligned to the Strategy?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
Qualitative assessment	Is your NAP being implemented?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
Please answer the following questions only if your country <u>has</u> aligned the NAP to the Strategy			
Qualitative assessment	Has your country's NAP been integrated into national development planning and relevant sectoral and investment plans and policies?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
If yes, please specify the relevant sectoral and investment plans and policies:			
Game Products Trust Fund, Environmental Investment Fund, Agricultural Bank of Namibia' Bush Encroachment, Country Pilot Partnership - CPP, NACOMA, SKEP, NAMPLACE			
Qualitative assessment	Has your aligned NAP been formally adopted?	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>
Qualitative assessment	Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

CONS-0-7

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies

Identification of national sectors and policies that could benefit from synergies and cooperation

Review of national policies to enhance cooperation and synergies

Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders

Other (please describe below):

Hosting of all Rio Conventions under the office of the Environmental Coordinator enables sharing of information among the three conventions.

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions

A national coordinating committee for the implementation of the Rio conventions

National coordination on synergies in reporting under the Rio conventions

Other (please describe below):

Provide any complementary information as needed:

All three Conventions are hosted under Department of Environmental Affairs in the Ministry of Environment and Tourism, under the Environmental Commissioner. The Namibia National Climate Change Committee (NCCC) co-ordinates matters not only on CC but also matters related to CBD and UNCBD. Both NBSAP and CPP Steering Committees had broad expertise and membership that involved all three conventions thus enhancing necessary synergy.

Sources of information

CONS-0-8 Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target	Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD	≥ 60 %	2018
----------------------	--	--------	------

National contribution to the global target Is a monitoring system specifically dedicated to DLDD established in your country? Yes No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015	<input type="checkbox"/>
2016-2017	<input type="checkbox"/>
2018-2019	<input checked="" type="checkbox"/>
No Plan Yet	<input type="checkbox"/>

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Sources of information

CONS-0-10

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

Global target

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

Please answer the following questions only if your country has aligned the NAP:

National contribution to the global target

Does your aligned NAP include a knowledge-based identification and analysis of biophysical and socio-economic drivers of DLDD, and of their interaction? Yes No

Does your aligned NAP include a knowledge-based identification and analysis of the interaction between DLDD and climate change and biodiversity? Yes No

Sources of information

National Action Plan for Namibia

Qualitative assessment

Does your aligned NAP assess the barriers to sustainable land management? Yes No

If your aligned NAP assesses the barriers to sustainable land management, does it include recommendations for removing these barriers? Yes No

Does your country have data and information available to report on the following progress indicators, currently included within the CBD and UNFCCC reporting processes:

- Trends in abundance and distribution of selected species: Yes No

- Trends in carbon stock above and below ground: Yes No

If your country has identified nationally/locally relevant biophysical and socio-economic indicators for monitoring the aligned NAP, please list such indicators below:

CONS-0-13

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

Global target

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

National contribution to the global target

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes

No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes

No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

- SASSCAL Masters Degree in Dryland Forestry for Southern Africa countries including Namibia being developed
 - Summer Land Care being a research induction course to graduates equipping them with relevant skill and experience after formal training (under CPP).
 - Summer Desertification Programme - research methodology training for tertiary level students, growing analytical skills and research capacity (replacing SLCP)
 Gobabeb Training and Research Internship Programme (GTRIP) - 5 month intensive, on-the-job, research training for tertiary level students, with a focus on restoration and rehabilitation in drylands
 Youth Environmental Summits - Targets Grade 11 learners and teachers, using young graduates as resource persons, focus on environmental issues, including desertification (August 2013)

Sources of information

Qualitative assessment

Has your country assessed DLDD-related capacity-building needs?

Yes

No

Did your country receive technical and/or financial assistance to build capacities to combat DLDD?

Yes

No

From which institutions and which type of assistance was provided?

Financial

Technical

UNCCD Secretariat

Global Mechanism

Global Environment Facility

Bilateral agencies

Other multilateral organizations

CONS-O-14

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

SLM funding being targeted through GEF (Small Grants Programme) programming, bi-lateral projects and different ministry projects as well as the Environmental Investment Fund.

Sources of information

Please answer the following questions only if your country has not developed an IIF by the end of the reporting period

Voluntary national target

When does your country plan to establish an IIF?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

	Not predictable	<input type="checkbox"/>

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors? Yes No

If yes, from whom?

Federal Republic of Germany - through GIZ

Government of Japan - Africa Adaptation Project

United States of America - Millennium Challenge Account

CONS-0-18

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

Global target

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy
