Operational objective 1: Advocacy, awareness raising and education

River Basin Control Office

Environmental Management Bureau

Mines and Geosciences Bureau

News article on Malaya Business Insight about the World Day to Combat Desertification

Qualitative
assessment

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place?

Yes No

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

<p>One of the outputs of the STREEM (Strengthening Coordination for Effective Environmental Management) is a national IEC (information, education and communication (IEC) strategy for the three MEAs (land degradation, biodiversity and climate change). However, a sole communication strategy to increase awareness about DLDD is not yet formulated. The development of a national IEC strategy addressing DLDD will become part of the aligned Philippine NAP-DLDD.</p>

Operational objective 1: Advocacy, awareness raising and education

CONS-O-3

Number of civil society organizations (CSOs) and science and technology institutions (STIs) participating in the Convention processes

Global target

A steady growth in the participation of CSOs and STIs in the Convention processes is recorded along the implementation period of The Strategy.

National contribution to global target: number of CSOs and STIs involved in DLDD-related programmes/projects

Year	Number of civil society organizations	Number of science and technology institutions
2008		
2009		
2010		
2011		
2012	27	16
2013	27	16

University of the Philippines Los Banos

Voluntary national target

Percent increase in the number of CSOs and STIs participating in the Convention process at national level, per biennium

%

10

Operational objective 1: Advocacy, awareness raising and education

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects? Yes No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

CSOs and STIs are involved in the process of alignment of Philippine NAP-DLDD, review of prioritization criteria and identification of priority programs and projects. Moreover, they are invited to participate in the preparation of country position papers and policy papers that will address critical land degradation concerns.

Operational objective 1: Advocacy, awareness raising and education

CONS-O-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

Global target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy

National contribution to the global target: number of DLDD-related initiatives implemented by CSOs and STIs in the field of education

Year	Number of CSOs initiatives	Number of STIs initiatives
2008		
2009		
2010		
2011		
2012	4	2
2013	4	2
2014		
2015		
2016		
2017		
2018		

Sources of information

University of the Philippines Los Banos
Central Luzon State University
Haribon Foundation, SEARICE, SIBAT, Philippine Rural Reconstruction Movement

Voluntary national target

Percent increase in the number of DLDD-related education initiatives undertaken by CSOs and STIs, per biennium

%

10

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

--

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs?

Yes No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Concerns on desertification, land degradation and drought are integrated in the agriculture, forestry and environmental science courses taught to university students by UPLB and CLSU (members of CCMRD-Land and Water Resources Sub-committees). On the part of CSOs, short term trainings on soil and water resources conservation and management, rainwater harvesting and drought mitigation were carried out.

CONS-0-5

Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

Global target

Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy

≥ 80 %

2018

National contribution to the global target

Does your country have a NAP aligned to the Strategy?

Yes

No

Qualitative assessment

Is your NAP being implemented?

Yes

No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

The PNAP-DLDD was only partially aligned to the 10 Year Strategy of UNCCD when it was formulated in 2010. There is a need for full alignment of the NAP-DLDD to the Strategy. In mid CY 2013, the process of full alignment of NAP-DLDD was started and its tentative completion will be on December 2014. In terms of implementation, addressing the issue of land degradation and drought has been integrated in the Philippine Development Plan (PDP). The implementation of programs and project under the PNAP is being attributed to a good number of relevant programs and projects funded under the GAA (General Appropriations Act). However, an Integrated Financing Strategy (IFS) that will provide the mechanism to obtain financial support from external and internal sources and from innovative financing mechanism is still be formulated. A training (i.e. to be provided by the Global Mechanism) to formulate the IFS is very important at this stage.

Sources of information

Philippine Development Plan (2011-2016)

Government of the Philippines-Department of Budget and Management website

(<https://www.dbm.gov.ph/>)

CONS-O-7

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

- Evaluation of national plans and identification of gaps in synergies
- Identification of national sectors and policies that could benefit from synergies and cooperation
- Review of national policies to enhance cooperation and synergies
- Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders
- Other (please describe below):

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

- Regular meetings between focal points and focal point teams of the Rio conventions
- A national coordinating committee for the implementation of the Rio conventions
- National coordination on synergies in reporting under the Rio conventions
- Other (please describe below):

Provide any complementary information as needed:

Committee on Conservation and Management of Resources for Development (CCMRD) was reactivated in CY 2012 to serve as the National Technical Coordinating Committee (NTCC) for the implementation of the Multi-lateral Environmental Agreements (MEAs). The CCMRD was seen as the most ideal coordinating body to oversee the implementation of cross cutting tasks to fulfill Philippine obligations to the MEAs because of its mandate and structure that highly responds to Agenda 21.

Sources of information

- Philippine Council for Sustainable Development Resolution No. 1 Series of 2012
- 'Adoption of the Business Plan of CCMRD as the National Technical Coordinating Committee for the Multi-lateral Environmental Agreements'
- Business Plan of the CCMRD as the National Technical Coordinating Committee

CONS-0-8 Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD **≥ 60 %** **2018**

National contribution to the global target Is a monitoring system specifically dedicated to DLDD established in your country? Yes No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015	<input type="checkbox"/>
2016-2017	<input checked="" type="checkbox"/>
2018-2019	<input type="checkbox"/>
No Plan Yet	<input type="checkbox"/>

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Sources of information

National Action Plan to Combat Desertification, Land Degradation and Drought (2010-2020)

Qualitative assessment

Does your country have a monitoring system partially covering DLDD? Yes No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

Environmental monitoring is being carried out by the Department of Environment and Natural Resources to check and measure the quality of air, water, land and biological resources.

Knowledge-sharing systems

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Name of the system:	UNCCD Philippines website
Internet link:	http://www.bswm.da.gov.ph/programs/005/united-nations
Estimated number of users per year:	

Name of the system:	Philippines MEA portal
Internet link:	http://mea.denr.gov.ph/
Estimated number of users per year:	

Name of the system:	Philippine Biodiversity Clearinghouse Mechanism
Internet link:	http://www.chm.ph/
Estimated number of users per year:	

Operational objective 3: Science, technology and knowledge

CONS-0-10	Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity			
Global target	<table border="1"> <tr> <td data-bbox="343 291 1212 394">Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.</td> <td data-bbox="1212 291 1372 394">≥ 70 %</td> <td data-bbox="1372 291 1552 394">2018</td> </tr> </table>	Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.	≥ 70 %	2018
Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.	≥ 70 %	2018		

CONS-O-13

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

Global target

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

National contribution to the global target

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

In the NCSA report, one of the challenges identified is the weak capacity to assess the extent of land degradation in the Philippines. Thus, in the implementation of the Philippine Land Degradation Assessment (LADA) project, the first LADA project in a monsoon country which assess land degradation using the LADA approach originally developed for the drylands. Series of trainings and workshops were carried out to train technical personnel on the generation of land use system map and use of LADA manual for national and local land degradation assessment as well as WOCAT- Questionnaire for Mapping (QM). Moreover, workshops on the development of the LADA indicators decision support system using the DPSIR approach were conducted.

Sources of information

Terminal report of the Philippine LADA Project (2011-2013)

Report of the STREEM project (2010-2013)

NCSA Terminal Report

Qualitative assessment

Has your country assessed DLDD-related capacity-building needs?

Yes No

Did your country receive technical and/or financial assistance to build capacities to combat DLDD?

Yes No

From which institutions and which type of assistance was provided?

Financial

Technical

UNCCD Secretariat

Global Mechanism

Global Environment Facility

Bilateral agencies

Other multilateral organizations

CONS-0-14

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

The Philippines has not yet received assistance from the GM particularly in terms of the needed training on the development of IIF/IFS. There is a need to organize relevant training for affected countries to formulate the IIF for the PNAP.

Sources of information

National Focal Agency's report on international trainings attended

Please answer the following questions only if your country has not developed an IIF by the end of the reporting period

Voluntary national target

When does your country plan to establish an IIF?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

CONS-O-16

Degree of adequacy, timeliness and predictability of financial resources made available by developed country Parties to combat DLDD

Rating of the bilateral assistance received for the implementation of the Convention and its Strategy during the reporting period

Adequacy of bilateral assistance received	Adequate	<input type="checkbox"/>
	Fairly adequate	<input type="checkbox"/>
	Not adequate	<input checked="" type="checkbox"/>
<hr/>		
Timeliness of bilateral assistance received	Timely	<input type="checkbox"/>
	Fairly timely	<input checked="" type="checkbox"/>
	Not timely	<input type="checkbox"/>
<hr/>		
Predictability of bilateral assistance received	Predictable	<input type="checkbox"/>
	Fairly predictable	<input checked="" type="checkbox"/>
	Not predictable	<input type="checkbox"/>

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Information dissemination on available bilateral assistance in the implementation of DLDD programs/projects need to be intensified.

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors? Yes No

If yes, from whom?

- Government of Japan through (JICA)
- Government of Korea (KOICA, KFS)
- Government of Norway
- Government of Germany (GIZ)
- Government of Spain (AECID)
- USAID

CONS-0-18

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

Global target

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy

National contribution to the target: estimated amount of financial resources allocated to facilitate access to technology

Year	Currency	Amount
2008		
2009		
2010		
2011		
2012	PHP - Philippine Peso	10011378080
2013	PHP - Philippine Peso	9727284707
2014		
2015		
2016		
2017		
2018		

Has your country established economic and policy incentives intended to facilitate access to technology?

Yes No

Sources of information

List of relevant DLDD programs and projects from various CSOs, STIs and other agencies
that are members of the CCMRD-Land and Water Resources Sub-committees
Department of Budget and Management (DBM) website
National Economic Development Authority (NEDA) website

Voluntary national target

Percentage increase of financial resources allocated to facilitate access to technology by a given year

%

Year

10

2016

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., a short overview of specific aspects and the nature of technology transfer in your country, aspects in which there is a need to increase the level of technology transfer, etc.)

Most of the financial resources allocated to facilitate access to technology came from the national government and multi-lateral assistance. There is a need to increase resources and allocate government funds on regular assessment of land degradation; and monitoring of land cover, soil erosion rates and soil fertility decline. An incentive mechanism should be operationalized to encourage more farmers and land users to adopt sustainable land management strategies.

(tick only one of the boxes below)

UNCCD		1 <input type="checkbox"/>	2 <input checked="" type="checkbox"/>	3 <input type="checkbox"/>
UNFCCC	0 <input type="checkbox"/>	1 <input checked="" type="checkbox"/>	2 <input type="checkbox"/>	
CBD	0 <input type="checkbox"/>	1 <input checked="" type="checkbox"/>	2 <input type="checkbox"/>	

Relevant Activity Code (RAC)

Indicate all the RACs that may apply to the funded activity

Knowledge Management

Research Information campaigns Advocacy/Mainstreaming Natural capital accounting Land degradation monitoring Reporting

Enabling Activities

Capacity building Governance and institutions Policies, strategies and regulations Economic valuation of land use/change options Incentives and market-based mechanisms Resource mobilization Development assistance

Land Degradation Prevention

Adaptation to climate change Natural resource conservation Enhancing ecosystem resilience Sustainable land and natural resource management Sustainable production Sustainable consumption

Restoration and recovery

Afforestation/reforestation for carbon sequestration Ecosystem rehabilitation Infrastructure reconstruction/rehabilitation Land restoration/reclamation Emergency response Relocation/rescue/relief operations

Strategic and operational objectives targeted

Indicate which strategic and/or operational objective of the Strategy is addressed by the funded activity

Strategic objective 1: living conditions of affected populations Strategic objective 2: condition of affected ecosystems Strategic objective 3: global benefits Strategic objective 4: resource mobilization and partnership building Operational objective 1: advocacy, awareness raising and education Operational objective 2: policy framework Operational objective 3: Science, technology and knowledge Operational objective 4: capacity-building Operational objective 5: financing and technology transfer

Rio Markers

Assign the appropriate Rio Marker for desertification to the funded activity
(tick only one of the boxes below)

- | | | | | |
|--------|----------------------------|---------------------------------------|---------------------------------------|----------------------------|
| UNCCD | | 1 <input type="checkbox"/> | 2 <input checked="" type="checkbox"/> | 3 <input type="checkbox"/> |
| UNFCCC | 0 <input type="checkbox"/> | 1 <input checked="" type="checkbox"/> | 2 <input type="checkbox"/> | |
| CBD | 0 <input type="checkbox"/> | 1 <input checked="" type="checkbox"/> | 2 <input type="checkbox"/> | |

Relevant Activity Code (RAC)	Indicate all the RACs that may apply to the funded activity	
	Knowledge Management	
		Research <input checked="" type="checkbox"/>
		Information campaigns <input type="checkbox"/>
		Advocacy/Mainstreaming <input type="checkbox"/>
		Natural capital accounting <input type="checkbox"/>
		Land degradation monitoring <input type="checkbox"/>
		Reporting <input type="checkbox"/>
	Enabling Activities	
		Capacity building <input checked="" type="checkbox"/>
		Governance and institutions <input type="checkbox"/>
		Policies, strategies and regulations <input type="checkbox"/>
		Economic valuation of land use/change options <input type="checkbox"/>
		Incentives and market-based mechanisms <input type="checkbox"/>
		Resource mobilization <input type="checkbox"/>
		Development assistance <input type="checkbox"/>
	Land Degradation Prevention	
		Adaptation to climate change <input type="checkbox"/>
		Natural resource conservation <input type="checkbox"/>
		Enhancing ecosystem resilience <input type="checkbox"/>
		Sustainable land and natural resource management <input type="checkbox"/>
		Sustainable production <input checked="" type="checkbox"/>
		Sustainable consumption <input type="checkbox"/>
	Restoration and recovery	
		Afforestation/reforestation for carbon sequestration <input type="checkbox"/>
		Ecosystem rehabilitation <input type="checkbox"/>
		Infrastructure reconstruction/rehabilitation <input type="checkbox"/>
		Land restoration/reclamation <input type="checkbox"/>
		Emergency response <input type="checkbox"/>
		Relocation/rescue/relief operations <input type="checkbox"/>

Strategic and operational objectives targeted	Indicate which strategic and/or operational objective of the Strategy is addressed by the funded activity	
	Strategic objective 1: living conditions of affected populations	<input checked="" type="checkbox"/>
	Strategic objective 2: condition of affected ecosystems	<input checked="" type="checkbox"/>
	Strategic objective 3: global benefits	<input type="checkbox"/>
	Strategic objective 4: resource mobilization and partnership building	<input type="checkbox"/>
	Operational objective 1: advocacy, awareness raising and education	<input type="checkbox"/>
	Operational objective 2: policy framework	<input type="checkbox"/>
	Operational objective 3: Science, technology and knowledge	<input checked="" type="checkbox"/>
	Operational objective 4: capacity-building	<input type="checkbox"/>
	Operational objective 5: financing and technology transfer	<input type="checkbox"/>

Identification

Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

VICACC

Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

Visayas Community-based Adaptation to Climate Change (ViCACC) Project

Basic data

Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

Category	Location
Country	Philippines

Status

Indicate the status of the activity at the time of completing this form

- Committed
- Proposal
- On-going
- Completed

Co-financing

Source	Currency	Amount
International Fund for Agricultural Development	PHP - Philippine Peso	30073333

Type of funding

Indicate the instruments used to finance the activity

- Grant
- Loan (commercial)
- Loan (concessional)
- Budget authority
- Debt swap/relief
- Basket funding
- Sectoral support
- Sovereign wealth fund
- Payments for Environmental Services (PES)
- Results based financing
- Equity

Reporting process-related issues

Financial resources

Could your country count on sufficient financial resources to meet UNCCD reporting obligations?

Yes No

Provide an estimate of the amount invested from your country's national budget into the current UNCCD reporting process

Year	Currency	Amount
2008		
2009		
2010		
2011		
2012	PHP - Philippine Peso	300000
2013	PHP - Philippine Peso	340000
2014		
2015		
2016		
2017		
2018		

Human resources

Provide an estimate of the people involved in your country in the UNCCD reporting process, and of the total number of months dedicated by these persons to the reporting process

Year	Number of people	Number of months
2008		
2009		
2010		
2011		
2012	15	2
2013	15	2
2014		
2015		
2016		
2017		
2018		

Knowledge

Could your country count on sufficient technical and scientific knowledge to meet UNCCD reporting obligations?

Yes No

Coordination

Was coordination at the national level with the relevant line ministries satisfactory in order to report comprehensively and coherently?

Yes No

Participation and consultation

Was a participatory or consultative approach applied to involve all relevant stakeholders in the reporting process?

Yes No

Validation

Was a validation meeting held as a part of the reporting process?

Yes No

Subregional and regional processes

Did your country cooperate with the entities entrusted with preparing the subregional and regional action programme reports?

Yes No

Accommodation of specific requests within decisions taken by the Conference of the Parties

Reporting on specific COP requests: iterative process on indicators

Tick the boxes only if you have experienced difficulties in reporting on one or more performance indicator(s). When doing so, place the tick mark under the e-SMART criterion for which the difficulty occurred.

Any other country-specific issues

Does your country have any specific issue to bring to the attention of the Conference of the Parties? Yes No

If yes, please specify under which of the following broad categories it can be classified

- Policy, legislative and/or institutional framework
- Capacity-building and awareness-raising
- Desertification/land degradation and drought and sustainable land management monitoring and assessment/research
- Funding/resource mobilization
- Knowledge management and decision-making support
- Participation, collaboration and networking
- Reporting and review process
- Other

Please describe below:

1. Affected countries based on the text of the Convention only include those countries within arid, semi-arid and sub-humid zones. However, countries within humid areas are also suffering various forms of land degradation and drought. With DLDD as the new battle cry of the UNCCD, the text of the Convention should be reviewed, else countries within humid zones could not report as affected countries
2. Training on the development of IIF should be provided to all country Parties and not only to few selected pilot countries.
