CONS-0-5 Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

Global target Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes No

Qualitative assessment

Is your NAP being implemented? Yes No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy? 2014-2015
 2016-2017
 2018-2019
 No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

The circumstances affecting the implementation of the NAP include:
 a) Its not being approved yet,
 b) The funds for the NAP implementation are not yet fully mobilized, there are some untapped opportunities.

CONS-0-7

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes Yes, but for only two of the Rio conventions No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes Yes, but for only two of the Rio conventions No Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies Identification of national sectors and policies that could benefit from synergies and cooperation Review of national policies to enhance cooperation and synergies Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders Other (please describe below):

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions A national coordinating committee for the implementation of the Rio conventions National coordination on synergies in reporting under the Rio conventions Other (please describe below):

Provide any complementary information as needed:

Setting up the Department in charge of coordinating all Multilateral Environment Agreements including Rio Conventions
 Signing a Memorandum of Understanding between the University of Rwanda Nyagatare Campus and Rwanda Development Board (RDB) for teaching and research and community outreach.

CONS-0-8

Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD

≥ 60 %

2018

National contribution to the global target

Is a monitoring system specifically dedicated to DLDD established in your country?

Yes No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target

When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015 2016-2017 2018-2019 No Plan Yet

Qualitative assessment

Does your country have a monitoring system partially covering DLDD?

Yes No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

1. The Systeme d'Information et Evaluation Permanente (SIEP) is still under development and is being supported by the Kingdom of Belgium both financially and technically. Due to the fact that it is not yet operational, we can not determine which difficulties it will meet.
2. The RENVIS (Rwanda Environmental Information System) is established but not yet operational too and we can not yet know the difficulties it will encounter. It is funded by the government of Rwanda.
3. The Land Administration Information System (LAIS) is funded by Government of Rwanda and British Department for International Development (DFID). It is operational but has not yet covered the whole country. It is planned to have covered the whole territory in December 2014. Need of capacity building, lack of internet connection, delays in land transaction.
4. Land Use Planning Portal funded by the United States Agency for International Development (USAID) Not yet completed. It is still under construction.
5. Early warning System for Hydrometeorological hazards
6. Famine Early Warning System (FEWS)

CONS-0-10

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

Global target

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

CONS-0-13

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

Global target

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

National contribution to the global target

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes

No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes

No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

1.National Portfolio Exercise (NPFE) resulted into the development of a new project :Landscape approach to Forest restoration and Conservation (LAFREC).
2.Forest Landscape Restoration: National-wide

Sources of information

CONS-O-14

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

Rwanda developed the Integrated Finance Strategy (IFS) and is in the process of developing the IIF. The country has already conducted three studies:

1. Rwanda developed her IFS based on the NAP and supported by GM.
2. Mobilizing Aid for trade for Agriculture in the UNCCD Implementation in Rwanda, Context analysis stock taking note.
3. Strengthening Sustainable Land Management (SLM), mainstreaming into existing investment framework in Rwanda, the case of Comprehensive African Agriculture Development Programme (CAADP).
4. Costing of Green Growth and climate resilience strategy (on going)
