

United Nations Convention to Combat Desertification  
Performance Review and Assessment of Implementation System  
Fifth reporting cycle, 2014-2015 leg

# Report from Thailand as affected country Party

July 29, 2014

# Contents

## I. Performance indicators

### A. Operational objective 1: Advocacy, awareness raising and education

Indicator CONS-0-1

Indicator CONS-0-3

Indicator CONS-0-4

### B. Operational objective 2: Policy framework

Indicator CONS-0-5

Indicator CONS-0-7

### C. Operational objective 3: Science, technology and knowledge

Indicator CONS-0-8

Indicator CONS-0-10

### D. Operational objective 4: Capacity-building

Indicator CONS-0-13

### E. Operational objective 5: Financing and technology transfer

Indicator CONS-0-14

Indicator CONS-0-16

Indicator CONS-0-18

## II. Financial flows

Unified Financial Annex

## III. Additional information

## IV. Submission

Operational objective 1: Advocacy, awareness raising and education

CONS-O-1

Number and size of information events organized on the subject of desertification, land degradation and drought (DLDD) and/or DLDD synergies with climate change and biodiversity, and audience reached by media addressing DLDD and DLDD synergies

Global target

Percentage of population informed about DLDD and/or DLDD synergies with climate change and biodiversity

30 %

2018

National contribution to the global target

Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity

3,8

2011

2013

2015

2017

2019

Voluntary national target

Percentage of national population informed about DLDD and/or DLDD synergies with climate change and biodiversity

%

Year

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Land Development Department has set the quantitative target for farmers/population to be informed about DLDD under the following activities.  
 a) 700,000 farmers per year will access to services for land development.  
 b) 100,500 farmers per year will change from utilizing chemical material to organic compound by providing extension services.

Information events

Year	Number of events	Total estimated participants
2008		
2009		
2010		
2011		
2012	4336	1074713
2013	669	1094588
2014		
2015		
2016		
2017		
2018		

Mass media articles and radio/television programmes about these events

Year	Number	Estimated people reached
2012	408277	161726
2013	2523	101886
2014		
2015		
2016		
2017		
2018		

Sources of information

Report of the meeting with stakeholder agencies for 2014 reporting exercise on June 2014

## Operational objective 1: Advocacy, awareness raising and education

Qualitative  
assessment

Does your country have a national communication strategy addressing DLDD and/or DLDD synergies with climate change and biodiversity in place?

Yes No 

Provide any complementary information as needed (e.g., regarding the implementation of the Comprehensive Communication Strategy, activities relating to the United Nations Decade for Deserts and the Fight Against Desertification, etc.):

Communication activities under the strategy of Land Development Department (2012-2016) have been planned and implemented through Volunteer Soil-Doctor Network and the newly established network among local administration agencies for knowledge transfer to local area.

The activities under the strategy are as follow:

- 1) Strengthening Volunteer Soil-Doctor networks to improve their capacity for land development.
- 2) Networking with other agencies to enhance cooperation on land development.
- 3) Raising awareness and transferring of knowledge on land resources and sustainable management to public for environmental protection.

Note: The number of audience accessing information on articles, radio and television programmes is lower than in the report because of the absent of a number of monitoring systems

## Operational objective 1: Advocacy, awareness raising and education

## CONS-O-3

Number of civil society organizations (CSOs) and science and technology institutions (STIs) participating in the Convention processes

## Global target

A steady growth in the participation of CSOs and STIs in the Convention processes is recorded along the implementation period of The Strategy.

National contribution to global target: number of CSOs and STIs involved in DLDD-related programmes/projects

Year	Number of civil society organizations	Number of science and technology institutions
2008		
2009		
2010		
2011		
2012	83	11

Voluntary national target

Percent increase in the number of CSOs and STIs participating in the Convention process at national level, per biennium

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects?

Yes

No

### Operational objective 1: Advocacy, awareness raising and education

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

There are some activities that promote CSOs and STIs participation as follows:

- 1) CSOs and STIs are always be invited to attend awareness raising activities in relation to DLDD such as exhibitions, panel discussions, demonstrations, and conferences. The annually observation number of them engaging in the World Day to Combat Desertification is remarkable.
- 2) The project on Land Development Zoning invites farmers and local agencies participation in formulating its work plan and activities and identifying watershed land resources problems for land improvement and sustainable land management for sustainable production.

Operational objective 1: Advocacy, awareness raising and education

CONS-O-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

Global target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy

National contribution to the global target: number of DLDD-related initiatives implemented by CSOs and STIs in the field of education

Year	Number of CSOs initiatives	Number of STIs initiatives
2008		
2009		
2010		
2011		
2012		87

2017		
2018		

Sources of information

Report of the meeting with stakeholder agencies for 2014 reporting exercise on 20 June 2014

Voluntary national target

Percent increase in the number of DLDD-related education initiatives undertaken by CSOs and STIs, per biennium

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs?

Yes

No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

**CONS-0-5** Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

**Global target** Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes  No

Qualitative assessment

Is your NAP being implemented? Yes  No

Please answer the following two questions only if your country has not aligned the NAP to the Strategy

Voluntary national target

When do you plan to align your NAP to the Strategy? 2014-2015   
 2016-2017   
 2018-2019   
 No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

Thailand is in process of NAP alignment.

Sources of information

Report of the meeting with stakeholder agencies for the 2014 reporting exercise on 20 June 2014

**CONS-0-7**

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

**Global target**

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

**National contribution to the global target**

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country does not have such initiatives or mechanisms in place

**Voluntary national target**

Does your country plan to implement joint planning/programming and when?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Please answer the following questions if your country has such initiatives or mechanisms in place

**Qualitative assessment**

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

- Regular meetings between focal points and focal point teams of the Rio conventions
- A national coordinating committee for the implementation of the Rio conventions
- National coordination on synergies in reporting under the Rio conventions
- Other (please describe below):

Provide any complementary information as needed:

Mechanism to implement the work of Rio Convention in Thailand mainly executed by National Committee of each Convention. Normally, the committee consists of representatives from LDD, climate change and biodiversity related agencies. Though there is no joint programme among the three Conventions but the linkage can be possibly established by the system at the national level.

**Sources of information**

Report of the meeting with stakeholder agencies for the 2014 reporting exercise on 20 June 2014

**CONS-0-8** Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

<b>Global target</b>	Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD	≥ 60 %	2018
----------------------	--	--------	------

**National contribution to the global target**

Is a monitoring system specifically dedicated to DLDD established in your country? Yes  No

If yes, is the monitoring system regularly updated and functional? Yes  No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

**Voluntary national target**

When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015	<input type="checkbox"/>
2016-2017	<input type="checkbox"/>
2018-2019	<input type="checkbox"/>
No Plan Yet	<input type="checkbox"/>

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**Sources of information**

**Qualitative assessment**

Does your country have a monitoring system partially covering DLDD? Yes  No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

There are various activities as described below:

1. Annual report on state of environment focusing on the change of natural resources and environmental status including additional report on public interest environment issues.
2. The monitoring and evaluation activities at project level are under routine mission of responsible agencies for natural resources management for example land-use change monitoring, biodiversity monitoring.
3. The monitoring and evaluation under the initiative of the committee.

**Knowledge-sharing systems**

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Name of the system:	Land development information system
Internet link:	www.idd.go.th
Estimated number of users per year:	2000000

Name of the system:	Forest information system
Internet link:	www.forest.go.th
Estimated number of users per year:	2000000

Operational objective 3: Science, technology and knowledge

Name of the system:	Irrigation information system
Internet link:	<a href="http://www.rid.go.th">www.rid.go.th</a>
Estimated number of users per year:	1000000

Name of the system:	Water resource information system

Estimated number of users per year:	6000000

Name of the system:	Hydro and Agro Informatics
Internet link:	<a href="http://www.haii.or.th">www.haii.or.th</a>
Estimated number of users per year:	

Name of the system:	Natural resources and Environment policy and planning
Internet link:	<a href="http://www.onep.go.th">www.onep.go.th</a>
Estimated number of users per year:	

Operational objective 3: Science, technology and knowledge

**CONS-0-10**

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

**Global target**

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

**CONS-0-13**

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

**Global target**

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

**National contribution to the global target**

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes

No

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes

No

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

For capacity - building, each government agencies have to formulate "the HR management strategy in line with Scorecard approach". This strategy will cover the following section:  
 a) Manpower administration  
 b) Skill & Expertise development plan  
 c) Improve database for HR development  
 d) Utilize IT in HR development process  
 The Strategy based on the following principles 1) Relevant national, institutional strategic alignment 2) HR operational efficiency 3) HR management program effectiveness 4) HR accountability 5 quality of work life  
 Term of the strategy: 4 year in line with the National Social and Economics Development Plan

**Sources of information**

The HR administrative Strategy of 2012-2015, Land Development Department

**Qualitative assessment**

Has your country assessed DLDD-related capacity-building needs?

Yes

No

Did you country receive technical and/or financial assistance to build capacities to combat DLDD?

Yes

No

**CONS-O-14**

Number of affected country Parties, subregional and regional entities whose investment frameworks, established within the integrated financing strategy (IFS) devised by the Global Mechanism (GM) or within other IFSs, reflect leveraging national, bilateral and multilateral resources to combat DLDD

**Global target**

Percentage of affected country Parties, subregional and regional reporting entities that have developed integrated investment frameworks (IIFs)

≥ 50 %

2014

National contribution to the global target

Does your country have an integrated investment framework?

Yes

No

Provide any complementary information as needed (e.g. is the IIF based on the NAP; non-traditional and innovative financing targeted by the IIF; overview of the progress in implementing the IIF in your country; assistance received in the development or implementation of the IIF from the GM or other development partners, etc.)

Sources of information

Please answer the following questions only if your country has not developed an IIF by the end of the reporting period

Voluntary national target

When does your country plan to establish an IIF?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**CONS-O-16**

Degree of adequacy, timeliness and predictability of financial resources made available by developed country Parties to combat DLDD

Rating of the bilateral assistance received for the implementation of the Convention and its Strategy during the reporting period

Adequacy of bilateral assistance received	Adequate	<input type="checkbox"/>
	Fairly adequate	<input type="checkbox"/>
	Not adequate	<input type="checkbox"/>
<hr/>		
Timeliness of bilateral assistance received	Timely	<input type="checkbox"/>
	Fairly timely	<input type="checkbox"/>
	Not timely	<input type="checkbox"/>
<hr/>		
Predictability of bilateral assistance received	Predictable	<input type="checkbox"/>
	Fairly predictable	<input type="checkbox"/>
	Not predictable	<input type="checkbox"/>

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors?      Yes       No

**CONS-0-18**

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

**Global target**

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy

National contribution to the target: estimated amount of financial resources allocated to facilitate access to technology

Year	Currency	Amount
2008		
2009		
2010		
2011		
2012	THB - Baht	7753114
2013	THB - Baht	8033544
2014		
2015		
2016		
2017		
2018		

Has your country established economic and policy incentives intended to facilitate access to technology? Yes  No

Sources of information

- Land Development Department
- Royal Forest Department
- Office of Natural Resource and Environmental Policy and Plan

Voluntary national target

Percentage increase of financial resources allocated to facilitate access to technology by a given year %  Year

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Provide any complementary information as needed (e.g., a short overview of specific aspects and the nature of technology transfer in your country, aspects in which there is a need to increase the level of technology transfer, etc.)

the activities related to technology transfer that had been implemented in this reporting cycle are as follows:

- a) mobile soil analysis
- b) Extension of organic fertilizer production to substitute chemical fertilizer
- c) Technology transfer on liquid organic fertilizer production by using LDD microbial activators
- d) Develop Volunteers Soil Doctor and Youth farmers
- e) Establishing learning center for land development
- f) Technology transfer in the field of forestry
- g) Data blueprint development to exchange data on soil and land resource

Identification

Identification code

Enter the Identification Code (ID), number or acronym given to the activity funded (if known)

Name of the activity funded

Enter the name or title of the activity, project, programme, organization or initiative

Basic data

Recipient country, subregion and region

Enter the name of the country(ies), subregion(s) or region(s) in which the activity is taking place or is due to take place. Indicate "global" if the activity is of global scale or has no specific geographical focus

Knowledge

Could your country count on sufficient technical and scientific knowledge to meet UNCCD reporting obligations? Yes  No

Coordination

Was coordination at the national level with the relevant line ministries satisfactory in order to report comprehensively and coherently? Yes  No

Participation and consultation

Was a participatory or consultative approach applied to involve all relevant stakeholders in the reporting process? Yes  No

Validation

Was a validation meeting held as a part of the reporting process? Yes  No

Subregional and regional processes

Did your country cooperate with the entities entrusted with preparing the subregional and regional action programme reports? Yes  No

## Accommodation of specific requests within decisions taken by the Conference of the Parties

## Reporting on specific COP requests: iterative process on indicators

Tick the boxes only if you have experienced difficulties in reporting on one or more performance indicator(s). When doing so, place the tick mark under the e-SMART criterion for which the difficulty occurred.

	Economic	Specific	Measurable	Achievable	Relevant	Time-bound
