Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs?

Yes  No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Ministry of National Education, CSOs and STIs are also responsible for the new National Action Program.

## CONS-0-5

Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

## Global target

Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy

≥ 80 %

2018

## National contribution to the global target

Does your country have a NAP aligned to the Strategy?

Yes No 

## Qualitative assessment

Is your NAP being implemented?

Yes No 

Please answer the following questions only if your country has aligned the NAP to the Strategy

## Qualitative assessment

Has your country's NAP been integrated into national development planning and relevant sectoral and investment plans and policies?

Yes No 

If yes, please specify the relevant sectoral and investment plans and policies:

Afforestation and Erosion Control Mobilization Action Plan (2008-2012),  
National Action Plan for Combating Erosion (2013-2017),  
National Forestry Strategy (2004-2023),

Action Plan of Upper Watershed Flood Control (2013-2017),  
Forestry and Water Council Decisions (2013),  
Strategy Plan of Ministry of Forestry and Water Affairs (2013-2017)  
Action Plan for Organic Farming (2013-2016)

Has your aligned NAP been formally adopted?

Yes No 

## Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

Turkey has had a national action programme for combating desertification since 2005. In 2014, Turkey action programme for combating desertification was alignment to UNCCD Strategic Plan. It is expected to be approved during 2014.

CONS-O-7

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

Global target

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

National contribution to the global target

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes Yes, but for only two of the Rio conventions No 

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes Yes, but for only two of the Rio conventions No Please answer the following questions if your country has such initiatives or mechanisms in place

Qualitative assessment

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies Identification of national sectors and policies that could benefit from synergies and cooperation Review of national policies to enhance cooperation and synergies Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders Other (please describe below): 

Preparation of the strategic plans and action plans/programmes for the synergy of the three Rio Conventions.

Qualitative assessment

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions A national coordinating committee for the implementation of the Rio conventions National coordination on synergies in reporting under the Rio conventions Other (please describe below): The General Directorate of Combating Desertification and Erosion was established in 2011.

CONS-0-8

Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

Global target

Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD

≥ 60 %

2018

National contribution to the global target

Is a monitoring system specifically dedicated to DLDD established in your country?

Yes No Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

Voluntary national target

When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015 2016-2017 2018-2019 No Plan Yet 

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Does your country have a monitoring system partially covering DLDD?

Yes No 

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

Criteria and indicators of desertification has determined on a national scale. And so, monitoring system will have been set up in 2015.

(Within the scope of "Project of Potential Afforestation Areas Database and Development Of The Catchment Monitoring and Evaluating System" Project) (UFA project No:10)

Also, Turkey has a lot of monitoring system partially covering DLDD;

- \* Land Monitoring System,
- \* Geographic Data System,
- \* Afforestation Database System,
- \* Water Database System
- \* Forest Fire Management System,
- \* Early Warning and Surveillance System,

CONS-0-10

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

Global target

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

Please answer the following questions only if your country has aligned the NAP:

National contribution to the global target

Does your aligned NAP include a knowledge-based identification and analysis of biophysical and socio-economic drivers of DLDD, and of their interaction?

Yes No 

Does your aligned NAP include a knowledge-based identification and analysis of the interaction between DLDD and climate change and biodiversity?

Yes No

Qualitative assessment

Does your aligned NAP assess the barriers to sustainable land management?

Yes No 

If your aligned NAP assesses the barriers to sustainable land management, does it include recommendations for removing these barriers?

Yes No 

Does your country have data and information available to report on the following progress indicators, currently included within the CBD and UNFCCC reporting processes:

- Trends in abundance and distribution of selected species:

Yes No 

- Trends in carbon stock above and below ground:

Yes No 

If your country has identified nationally/locally relevant biophysical and socio-economic indicators for monitoring the aligned NAP, please list such indicators below:

Reduction in the total area affected by desertification and drought.

Increase in net primary productivity in affected areas

Decrease in numbers of people negatively impacted by the processes of desertification and drought.

Increase in the proportion of people living above the poverty line in affected areas.

Decrease in proportion of migration of population from rural areas to the city

## CONS-0-13

Number of countries, subregional and regional reporting entities engaged in building capacity to combat DLDD on the basis of the National Capacity Self-Assessment (NCSA) or other methodologies and instruments

## Global target

Percentage of affected country Parties, subregional and regional reporting entities that implement DLDD-specific capacity-building plans or programmes/projects

≥ 90 %

## National contribution to the global target

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of the NCSA?

Yes No 

Is your country implementing DLDD-specific capacity-building plans or programmes/projects on the basis of other methodologies and instruments to assess national capacity-building needs?

Yes No 

Provide any relevant information on the size, scope, effectiveness and status of the initiatives implemented, or other complementary information as needed

\*National Capacity Self Assessment Project (finished in 2010) of Turkey under RIO Conventions ; The primary objective of the NCSA is to identify country level priorities and needs for capacity building to address global environmental issues, in particular, enhance the capacity of Turkey to meet its existing commitments under the UNCBD, UNCCD, and the UNFCCC.

\* Capacity Building Training Workshops ;

Ministry of Forestry and Water Affairs;

- 7 training workshops in 2012 (total 413 technical personnel),
- 17 training workshops in 2013 (total 804 technical personnel),
